shipment, which consisted of over
one tractors.

White in Detroit Mr Vanderslice visited the shippards where Mr. Ford is building submarine chasers for the government. A number of "Eagles" have been completed tested and are ready for service and twenty-one (21) others are on the ways in course of construction. It is understood that when the construction of "Eagles" is stopped that the immense ship building plant will be utilized for the manufacture of "Fordson" tractors. At present the manufacture of tractors are similar on the state of the manufacture of the state of t oduction of tractors is limited, or count of the enormous demand the government for iron and steel Suffers Serious Break that it will be impossible to fil
